

We Kare Daycare Staff Handbook YEAR 2020

Welcome to We Kare Daycare & Preschool! We are pleased to have you employed with our company and hope we can build a long lasting employer employee relationship. We Kare Daycare was established in 2010

Our goal is to make sure every employee has what they need to operate effectively in whatever area you are employed in.

We want everyone to look at their co-worker as family and we must treat everyone with love, respect, care, honesty, and nurture each other.

If you see your coworker doing something that does not fall in the guidelines of what is expected from them, help that person if you are a more seasoned teacher than they are.

At some point in time everyone needs a little help from somebody; we never want to be at a point when we feel we can't learn anything from anyone or be un-teachable. Learning and growing is a part of life and that's what we want displayed here at WKD.

Our name speaks for itself because WE KARE and we pray you CARE also. We want our atmosphere to always be a loving and caring environment for all children, parents, and staff.

Keep in mind your classroom is a reflection of you as a teacher. If your class is full of clutter and is not welcoming parents will think you are un-organized and how can you teach their child/children organization skills if you lack in organization skills.

Please keep your classrooms clutter free and keep that welcoming environment for existing and new families.
